Collection title: Michigan Community Foundation Annual Reports

Volume: 15 boxes

Location: Johnson Center for Philanthropy in-house library

Description summary:

This collection features annual reports and other special publications from community foundations located in the state of Michigan. With respect to Michigan's philanthropy, these organizations strive to increase the quality of life within their region and the state. These reports provide a rich overview of the activities and roles associated with community foundations. Publications include and are not limited to annual reports, newsletters, brochures, and donor guides.

Special attention is given to the 25th Anniversary materials acquired from the Community Foundation for Southeast Michigan in honor of service to the seven counties of Southeast Michigan: Wayne, Oakland, Macomb, Monroe, Washtenaw, Livingston and St. Clair. The Anniversary was celebrated in January 2011. In addition to publications, oral histories, historical photos, timelines, and videos are also available and highlight their investment within the community. Materials are listed below and contained in Box #6.

Founded by a visionary entrepreneur in 1922 with a \$25 donation, the Grand Rapids Community Foundation has grown and deepened its commitment to improving the communities by seeking long-term solutions to existing problems. It continues to make a positive and sustainable change in Kent County through grant making and leadership initiatives that foster academic achievement, builds economic prosperity, supports the arts and social enrichment, and creates vibrant neighborhoods. Materials that highlight their investment within the community are listed below and contained in Box # 8.
